## ISSUE 27 - JULY 2022

Hey Everyone,

We've had a very busy month at Coquet Vets, which has included a lot of neutering of pets. We have also seen dogs, cats, rabbits, and even rats!

Over July, we had an unexpected heatwave in the UK, so we reminded all our clients to look after their pets and keep dogs inside during the hot weather. During summer, it's important to know that a change as small as 2°C in your pet's body temperature is all it takes for heat stroke signs to begin. Any dog is susceptible to heat stroke, regardless of their fitness. However, dogs who are obese or suffer from brachycephalic syndrome (typically short nosed breeds) are at increased risk. Please make sure you read our article on 'Summer Dangers' for more on this.

It's just a few weeks to go until the 150th exhibition Warkworth Show, which is held in the grounds of Warkworth Castle. The event will be on Saturday 20th August 2022. We would love to see all of you there and entering into the dog classes. Find out more [here](#).

Just a reminder that microchipping your dog is law, and this should be done from 8 weeks of age. We highly recommend that you get your cat microchipped too. This can be done at their kitten vaccines. See our article from earlier this year on [microchipping your cat](#).

Finally, we are pleased to share that our next promotion will launch in September 2022! Look out for this on our website and Facebook page to make sure you do not miss out. We will be offering 10% off the full neutering price with an extra 5% off for clients who are on our Coquet Pet Club (15% off in total). Terms and conditions apply.

We hope you enjoy all our articles and case studies for this month, and we look forward to seeing you at your next visit.

*The Coquet Vets Team*

## TAKING YOUR PETS ABROAD

Planning to take your pet for a summer holiday overseas? As of January 2021, Great Britain issued pet passports are no longer valid for European travel, and instead you require an Animal Health Certificate. Here's what you need to know.

## SUMMER DANGERS FOR PETS

Summer is the perfect time to get together with friends and family and enjoy some outdoor time with your pets. However, the summertime months can also bring lots of dangers for your pets, from hot barbecues to heat stroke and ticks. Here's how to keep your pet safe this summer.

## BEE STINGS

Bee stings can produce different reactions in pets, ranging from temporary pain and discomfort to a severe allergic reaction. In summertime, one of the common triggers of anaphylaxis is insect stings and bites. Here are the symptoms to look out for.

## CASE STUDY: TINO'S SUSPECTED EAR INFECTION

In March 2022, we saw a dog called Tino who had a massive swelling to the right side of his face and neck. Here's what we found and what our Vet did to treat him.

## EVENT: WARKWORTH SHOW 2022

This year we are very excited to present the Dog Show at the 150th exhibition Warkworth Show held in the grounds of Warkworth Castle.

We have a few events this year:

- ONE TO ONE AGILITY RACING (starting from 10.30am) - dog assault course
- PHOTOBOOTH - you and your dog can dress up and take silly selfies
- DOG SHOW CLASSES 2022 (starting from noon) - register on the day

There are prizes to be won and all proceeds go to SHAK (Safe Homes and Kindness) our local dog charity. SHAK will also be at the Warkworth show raising money for the dogs in their care.

The show is an amazing day out for all the family so make sure to put Saturday 20th August in your diary.
