

ISSUE 3 - JUNE 2020

Hello everyone,

Another month has gone by already and hence time for our monthly newsletter. We are delighted to have met many more new clients and their pets this month - both a mixture of new additions to the family as well as some that needed health checks, boosters or treatment .

We are still working to government guidelines but we are open for business to both existing and new clients. As lockdown starts to ease, we would encourage you to give us a call should you need any help or advice - and don't forget to tell your friends about us (if you recommend a friend and they register, both you and your friend get £5.00 credit on your account).

Our reception is now open should you wish to visit bearing in mind social distancing rules. As you may be aware we are still running a vaccination amnesty where we can restart your dog or cats vaccinations, if they have got out of date, for the price of a booster. We tailor our vaccinations in accordance to your pet's needs, so feel free to call us and have a chat if you need any further information.

Finally, as we had to cancel our open day where we wanted our clients to see our new facilities, we have created a video tour for you - please see our website, Facebook or YouTube channel to get a peak! You can also follow the link to this short video in this month's newsletter.

We hope you enjoy the news articles.

Stay safe,

Coquet Vets Team

From all at Coquet Vets

REDUCING HEATSTROKE RISK IN PETS

As the summer months approach, we all look forward to the glorious sunshine that it (usually!) brings. However, when it comes to your pet, it is important to remember that they will need to be looked after carefully in warmer temperatures. Here's how to keep your pet safe and what to do if you suspect that your pet has heatstroke.

ANXIOUS CATS

The lockdown restrictions during the Coronavirus outbreak has enabled many of us to spend more time with our furry friends at home. Whilst we are sure that your pets have been a welcome distraction during this uncertain and challenging period, all of this extra time that you are spending with them can lead to difficulties for your pet. Here are some things to consider and look out for in your cat during this period of change in your household.

LET'S TALK VACCINATIONS FOR DOGS!

Preventative health care is one of our main priorities at Coquet Vets, which is why we are currently running a vaccination amnesty for dogs and cats. This month's article is about the canine infectious diseases that we vaccinate against and what's included within the vaccination amnesty. Find out more about these diseases and the benefits of vaccination as a first line of defence.

LET'S TALK VACCINATIONS FOR CATS!

This month, Coquet Vets is focusing on preventative healthcare, which is why we are currently running a vaccination amnesty for both dogs and cats. It is just as important that our feline friends are protected, regardless of whether they are indoor or outdoor cats. Find out more about feline infectious diseases and the vaccines included within our vaccination amnesty.

NEWS UPDATE: TAKE A TOUR OF COQUET VETS!

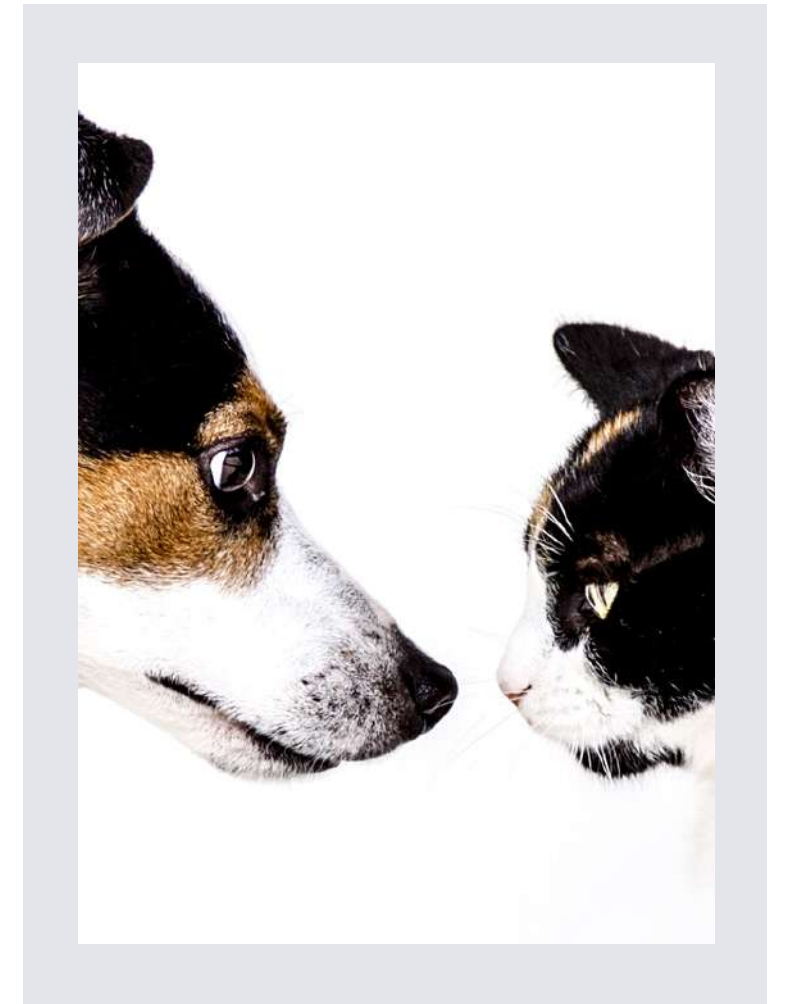

Coquet Vets is a brand new, purpose built practice building designed with the aim of bringing high quality veterinary services to Amble and the surrounding area.

We have a large reception to welcome you with separate waiting areas for cats and dogs to reduce any stressful interaction and three large consulting rooms to reduce waiting times. We also have separate dog and cat isolation wards for day patients and hospitalised patients, and within the clinical areas there are two dedicated clean operating theatres; a dental theatre with digital dental radiography; an imaging suite with digital radiography and a high specification ultrasound scanner; and an onsite diagnostic laboratory.

We realise that many of you may not have had an opportunity to visit us yet, so to see our practice for yourself, watch our new video below. We hope you enjoy the tour!

PROMOTION: VACCINATION AMNESTY JUNE AND JULY 2020

We understand that it's very easy to let your pets' vaccinations lapse in your busy lives. We are, therefore, having a promotion right now where we can restart your pet's vaccination course for the price of a booster to help you get back on track.

We do not vaccinate against every disease every year and instead follow a vaccination protocol that gives your pet the protection that they need.

This promotion is for cats and dogs only and is available until 31st July 2020. To take advantage of this great offer, just call us on 01665 252 250 or email us at Info@coquetvets.co.uk
