ISSUE 15 - JUNE 2021

Hi Everyone,

How are we well into June already! It is really starting to feel like summer now, and we are all loving this sunny weather.

As you will know from our recent articles and social media posts, June was the month for National Garden Wildlife Week. We hope you enjoyed our articles on baby birds and the importance of bees in your garden. More than 40% of insect species are declining and the bee population is also rapidly declining, so we all need to do what we can to save these little creatures. If you want more information, you can visit buglife.org.uk.

Rabbit Awareness Week (RAW), is also happening over 28th June to 4th July 2021. RAW is dedicated to improving rabbit care throughout their lifetime, and for the week of RAW, Coquet Vets is running some special offers on neutering, microchipping, and vaccinations for rabbits. See the end of this month's newsletter for more details on these offers.

As many of you will know, we offer free dental checks with one of our vets who will thoroughly examine your pet's teeth and give you advice. For the month of July, we are offering 10% off on all dental procedures, so make sure you get booked in for a check up.

We hope you enjoy the collection of articles in this month's newsletter, and make sure that you follow our Facebook page for regular updates and promotions.

Stay safe, and we look forward to seeing you soon.
