

## Monthly Newsletter

### ISSUE: MARCH 2024

Hi Everyone,

Neutering month over February and March was very successful. Through different charities, we had a lot of cats being neutered so they would be ready go on to their forever homes. There are so many stray and feral cats, and for this reason, we recommend neutering cats from six months of age. Don't hesitate to get in touch with us if you want to find out more about the benefits and considerations for neutering and book an appointment – be it for your cat or your dog.

For April we will be running a promotion for 'Geriatric Month', which will include a consultation at a reduced fee for dogs seven years and over and cats nine years and over. The Veterinary Consultation is for thirty minutes for a clinical exam, full bloods to monitor liver, kidneys, thyroid monitoring, and haematology. It also includes blood pressure and an a in-house urine test.

The promotional cost for this consultation is £150 per animal. This is a great offer for our clients, as it normally costs £267.99 (a saving of £117.99 per animal). Terms and conditions apply. To book in your pet, please call us on 01665 252 250.

We are continuing to grow our practice team to ensure we can provide the best possible service and care for you and your pets. We recently welcomed our new receptionist, Nicole, who has settled into the role nicely and has been enjoying meeting all of you and your pets when you visit us.

We also hosted another Pet First Aid Evening in March within our new converted extension area. We will be holding future events for clients here, as well as specific skills training courses for veterinary professionals. We are very excited about this new venture!

British summer is finally here (apparently!), so don't forget to put your clocks forward this Saturday night. Please also note that we are closed on Friday and Monday for the bank holiday.

We look forward to seeing you at your next visit to the practice.

*The Coquet Vets Team*

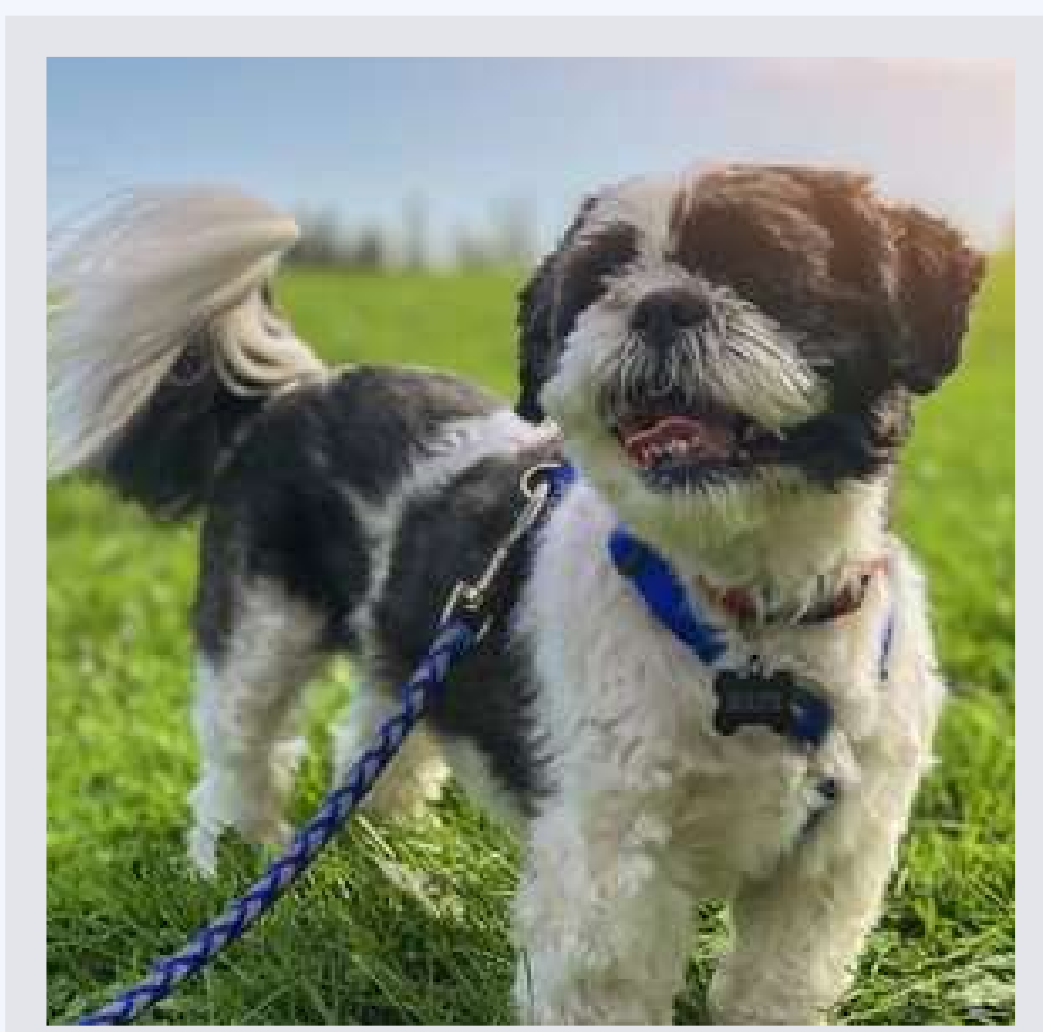

# LATEST NEWS & UPDATES

## TO NEUTER OR NOT TO NEUTER - THAT IS THE QUESTION!

Neutering is one of the most talked about discussions in the veterinary world. This article looks at both the pros and cons of neutering to help you make the right decision for your pet.
